

CPCS A40 SLINGER SIGNALLER

COURSE OUTLINE

The aim of this course is to provide candidates with practical and theoretical knowledge in order for them to undertake the role of the Slinger/Signaller. Following successful completion of the course candidates will be able to select the correct lifting accessories, attach them to loads safely and guide the load using the appropriate hand signals.

COURSE CONTENT

Topics covered during this course include:

- Legislation - LOLER, PUWER, HASAWA
- Codes of practice - BS7121
- Roles and responsibilities of personnel involved with lifting operations
- Documentation and certification for lifting equipment and lifting accessories
- Lifting accessories
- Types of accessories and use
- Slinging techniques
- Down rating of accessories
- Sling angles
- Communications
- Establishing load weight and centre of gravity
- Proximity hazards
- Selecting lifting accessories
- Verifying documentation and certification
- Attaching accessories to different loads
- Signalling for the lifting, transferring and positioning of loads
- Safe use of radios

TARGET GROUP

This 4 day course is aimed at operatives who are required to undertake slinging and signalling for the movement of loads using lifting equipment. Candidates with more experience may opt to reduce the number of days training or simply sit the test only – for further information on this please contact the office.

CERTIFICATION

Successful candidates will be awarded a Red CPCS Trained Operator card endorsed with the category Slinger Signaller. Please note the Red CPCS card is only valid for 2 years, within this time you must complete your NVQ level 2 Diploma to convert from Red card to Blue card. The Blue CPCS card is valid for 5 years and a discount of 20% is offered on NVQ's to all our clients who complete their CPCS training & testing with ourselves.

PRE – REQUISITES

All candidates attending this course must have passed their CITB Health, Safety & Environment test for Operatives within 2 years.
